United States Elects Coolidge

Sonoma Is Again Acclaimed A Banner Convention City

City Receives Reply From State Board On Sewage Problem

CHRISTIAN ENDEAVOR DELEGATES HAD FINE MEETING IN SONOMA

Three Days' Session Marked By Program of Unusual Interest; Attendance Good.

On Friday evening, October 3rd, the seventeenth annual convention of the Sonoma County Christian Endeavor opened a three days' session at the Congregational church, Sonoma.

The convention was marked by a large and enthusiastic attendance from different sections of the county and bay cities. A number of the state officers were present, among whom were Harry Allen of San Francisco, social work; Edith McDonald of San Francisco, interior work; Bessie Dunn of Oakland, Junior work; Juliet Todd of Santa Rosa, tenth legion superintendent, and Dr. Rowland B. Dodge of Redwood City, one of the early founders of Christian Endeavor.. The evening was taken up by song service led by George Crowe of Sonoma, an address of welcome by Dr. Cookman on behalf of the church and Sonoma, general felicitation and an address by Rev. Charles R. Hedges of Santa Rosa.

One of the special features was the "fellowship banquet" on Saturday evening at the Woman's Club house, under supervision of the convention committee, Miss Warthorst chairman. Covers were laid for 210, and the table nearly filled. The menu was bountiful and of the highest order. After dinner speeches were of a brilliant type and listened to with marked attention. The Epworth League aided in the banquet. The members wore their colors and helped serve their guests and extend hospitality to the visitors.

The banqueters later adjourned to the Congregational church, taking up general business and the convention program, which closed with a splendid address and solo by Dr. Ironmonger of Napa, Presbyterian pastor

(Continued on Page Five)

HALLOWE'EN PARTY AT GRAMMAR SCHOOL

The pupils of the Sonoma Grammar School had a delightful Hallowe'en costume party at the auditorium of the school on Friday evening of last week. Decorations were in keeping with the occasion and there were many fanciful, wierd and attractive costumes worn by the young people. Margaret Cereghino captured first honor with her pretty costume "Autumn," which was of the autumn tints with a coronet of grapes. Alfreda Smith as Miss Hallowe'en; Walter Hoeft, as cowboy; Walter Cornelius, as an Indian; Elmer Norrbom as a tramp, and others were complimented on their make up and carried off prizes.

A program with jazz by Herbert Randolph, piano and Harold Eberhardt, saxophone; songs by Dorothy Cormon, Irene Montgomery and Evelyn Weyl; and fancy dancing by Alfreda Smith won much applause and contributed to the success of the evening. Appropriate refreshments were a feature of the jolly time.

Lo, This Poor Indian Died With $1500.00

Time to change the slogan, "Lo, the poor Indian," for recently at the County Farm an Indian died leaving an estate of $1500. The fallacy that California Indians are poor has been exploded. Like Oklahoma redmen who got rich quick through oil, the Indian generally is better off and when he leaves the white man's hootch alone is certain to get along. As property left by a dead Indian is usually burned, we presume that will be the fate of the $1500, as even white men often burn money left by those who die.

SONOMA GIRL MARRIED IN SAN FRANCISCO

Cards are out announcing the marriage in San Francisco Thursday of Miss Providence LaTorres, daughter of Mr. and Mrs. Charles LaTorres of Sonoma, to Harold Gregg Wyman.

The bride is a beautiful girl of the brunette type and has held a splendid position in San Francisco where she has resided with relatives since leaving Sonoma.

The groom is a prominent young business man of San Francisco and is to be congratulated for having won this fair daughter of Sonoma Valley as his bride.

Charles LaTorres went down to attend the wedding Thursday and joined his wife and other relatives who witnessed the impressive nuptial ceremony.

G. PROLETTI CALLED TO GREAT BEYOND

G. Proletti, old and respected resident of Sonoma Valley, where he had resided for 35 years, passed to the Great Beyond early Tuesday morning in a Napa hospital where he had been under the treatment of physicians for cancer. He had attained the advanced age of 75 years and had led an active and useful life up to a few months ago. For many years he had been a successful farmer, his place on the Napa road now being the property of H. V. Coops. Through thrift and good management, he accumulated a comfortable competence and after many years of ranching he was able to retire. He became a director of the First National Bank of Sonoma, fostered the local industry, the Sonoma Ice and Brewing Company, and in other ways contributed to community prosperity.

In addition to many old friends and business associates, deceased leaves two children to mourn him besides a brother in Benecia and a brother and sister residing in this valley. The surviving children are Mrs. Emil Pinelli and V. Proletti of Sonoma. Mrs. M. Dal Poggetto is a sister of the deceased who came to this country from Italy over 50 years ago.

The funeral was held Thursday afternoon from the home of his daughter, Mrs. E. Pinelli on Spain street with services at the St. Francis church and interment in Mountain Cemetery.

Mr. Proletti belonged to Sonoma Grove U. A. O. D., of which he was a charter member.

Republican Candidate Wins By Big Majority Throughout The Country

President Coolidge has been elected president of the United States of America for the next four years and by one of the handsomest votes ever given a candidate. He won over 30 states by big majorities. Thirteen states of the solid South stayed with Davis, Democrat, but Missouri went to Coolidge. The third party candidate carried but one state, his own—Wisconsin.

Almost complete returns show that Sonoma county voters elected Coolidge by a 2 to 1 victory over La Follette, the vote being as follows:

Coolidge—7921.
LaFollette—3471.
Davis—1479.

In Sonoma Valley, where intensive work was done for LaFollette, even by a Republican county committeeman, the vote shows a LaFollette preference. The precinct figures are as follows:

Agua Caliente Precinct
Coolidge—87.
LaFollette—98.
Davis—12.

East Glen Ellen Precinct
Coolidge—44.
LaFollette—38.
Davis—10.

West Glen Ellen Precinct
Coolidge—72.
LaFollette—60.
Davis—13.

El Verano Precinct
Coolidge—66.
LaFollette—130.
Davis—13.

San Luis Precinct
Coolidge—94.
LaFollette—90.
Davis—9.

Vineburg Precinct
Coolidge—82.
LaFollette—111.
Davis—8.

Sonoma No. 1 Precinct
Coolidge—115.
LaFollette—84.
Davis—11.

Sonoma No. 2 Precinct
Coolidge—51.
LaFollette—87.
Davis—15.

Both Glen Ellen precincts, Sonoma No. 1 and San Luis gave Coolidge the majority vote.

The Water and Power Act was snowed under by a 4 to 1 vote in Sonoma county and elsewhere. The Klamath River Act carried and the boxing bill was defeated, although it is thought to have passed in the state, the cities polling a big vote favorable to 12 round contests under state supervision.

Sonoma City precincts voted on the amendments as follows:

Sonoma No. 1 Precinct

Amendment	Yes	No
No. 1	68	123
No. 2	53	95
No. 3	60	65

Did You Vote For LaFollette?

Did you vote for LaFollette? Then quite likely you unknowingly aided the anarchists in their drive on the United States. You perhaps do not realize how close to the chaotic brink you were led by those who touted the candidate of the radicals.

LaFollette was the stepping stone over which you were to be led into communism and be sovietized. Here is the proof:

The Socialist party in June, 1921, instructed their national committee "to make a careful survey of all the radical and labor organizations in the country with a view of ascertaining their strength, disposition and readiness to co-operate with the Socialist movement upon a platform not inconsistent with that of the party, and on a plan which will preserve the integrity and autonamy of the Socialist party."

The plan progressed to the point where Socialist co-operation was established with the Communist party, and one of its representatives, Pepper, a Hungarian red, reveals the backing all of this element gave to LaFollette in the following article which appeared in the radical paper, The Liberator, of October, 1923, under the heading, "Shall We Assume Leadership?"

"In the September issue of 'The Liberator' I came to the conclusion that we are facing a deep-going revolution, not a proletarian revolution, but a LaFollette revolution. I stated that in this revolution the working class will free itself from the rule of the Gompers bureaucracy, will acquire a class consciousness on a national scale. I can add that this period will produce the Communist

(Continued on Page Four)

Maybe This Was a Case of Scotch Thrift

A hit and run salesman has been discovered in Santa Rosa. He sold several leading business men a case of Scotch whiskey, mellow old stock, and agreed to make delivery from a truck on the outskirts of the city. It being such a "good buy" he collected in advance for the Christmas cheer, leaving an order for the goods, to be presented to the truck driver. The buyers went to the spot, but the whiskey did not. Just a case of Scotch thrift, we opine.

GLEN ELLEN CHURCH GIVES ANNUAL BAZAAR

The annual bazaar of the First Congregational church of Glen Ellen was held Tuesday in Mayflower Hall and was a big success.

The hall was artistically decorated for the occasion. The prevailing colors were orange and black, while trailing branches of grape vines with their ruddy tints added to the effectiveness of the scene.

The sale of fancy work and home cooked foods began at 2 o'clock in the afternoon. The fancy work booth was in charge of Mrs. Eliza Shepard and Mrs. C. A. Wilson presided over fruits and other edibles.

A chicken pie supper was served. The success of the latter feature was largely due to the untiring efforts of Mrs. George Thompson, who was ably assisted by Mrs. W. S. Bonbright, Mrs. Hendley and Fanny Thompson.

SEEK INSIGHT INTO INDUSTRIAL WORLD

An industrial excursion is planned for today, Saturday, by the Epworth Leaguers of the Methodist church, who will visit the industrial plants of Petaluma.

In a recent Sunday service the young people had an interesting meeting on "The Christian In Industry," and the trip to Petaluma was arranged at this gathering. An impromptu dramatization was used to illustrate the topic above. The League room became the office of a great manufacturer, James Ogden enacting the part. The following comprised the delegation of citizens of this imaginary industrial community who each made an appeal for better conditions for the employees:

Labor unions—Everett Murphy.
Young women employees—Jennie Downey.
Federation of Women's Clubs—Frances Murphy.
Education, schools—M. Tomlinson.
Hospitals—Rosalie Ogden.
Sanitation—J. J. Dunbar.
Recreation, amusements—W. Duffin
Mills service—William Rambo, Jr.
Religious life, churches—Dr. Waltz.

The brief talks were most interesting and comprehensive in view of the fact that no one knew of the plan until the plot was told and parts assigned. Miss Cliva Downey was the leader of the evening.

NOVEMBER MEETING OF CITY TRUSTEES VERY CONSTRUCTIVE

More Curb, Street and Sidewalk Improvements Ordered; Sewer Bond Is Discussed.

At the November meeting of the Sonoma city trustees on Wednesday night, a letter from the State Board of Health to Mayor Bulotti relative to the sewer farm question, was read:

"At the request of the Board of Trustees, Mr. R. C. Specht, City Engineer, has reported that on the opinion of Mr. Halgren of Santa Rosa, you desire to try out the method of handling the sewer farm which Santa Rosa has been experimenting with, and also that you are proposing to circulate a petition for signatures of residents, petitioning the Board to allow you time to try out the method. Assuming that the attitude of all the people resident about the sewer farm and those who formerly complained to us is favorable to the experiment and the time that it will consume, and that you can so levee the farm that sewage will not pollute the creek, I believe our Board would be agreeable to an extension of the time. However, I wish to give you the information that the time having expired at Santa Rosa for such an experiment on October 1st, we have made a re-inspection and a careful odor survey and found that Santa Rosa had accomplished nothing and the city is therefore being ordered to proceed with its original plan of building an activated sludge plant. In other words, the time consumed by the experiment has been wasted and the neighbors living around the Santa Rosa sewer farm have, in reality, been imposed upon.

We shall expect to hear from you further in this matter as we feel you are unwisely following in the footsteps of Santa Rosa.

"Very truly yours,
"C. G. GILLESPIE,
"Director."

After a thorough discussion of the above matter and possible bond is-

(Continued on Page Four)

ERNEST BANCROFT MARRIED SUNDAY

Ernest Bancroft, son of Mr. and Mrs. R. C. Bancroft of Sonoma, was married at Lomita Park, San Mateo county, last Sunday, to Miss Nellie Allen, a charming girl of the peninsula. Miss Dorothy Bancroft was maid of honor and Julius Dresel was best man. The bridesmaid was Miss Frances Edmanson of San Francisco.

The bride's costume was of white georgette over satin and Miss Bancroft wore orchid georgette.

Many Sonoma friends and the family of the groom attended the ceremany, which was conducted by Rev. Stanford of the M. E. church of San Bruno. Among those present were Mr. and Mrs. Ralph Busby, Mr. and Mrs. R. Abele, Mr. and Mrs. Bancroft, George Angove, and others.

The groom has many friends here and will be heartily congratulated. He is a clever young electrician and mechanical genius.

EL VERANO NEWS

By ARCHIBALD McKIVER

Two hundred twenty-three votes were cast at El Verano precinct at the election last Tuesday, LaFollette leading the Republican and Democratic candidates. Coolidge was elected as president, and from the looks of the returns will have a large majority, while Davis, Bryan and former Senator Phelan along with LaFollette, Wheeler and Rudolph Spreckels have set sail for Salt Creek. They were last seen coasting along the banks of this historic stream, three of the losers on each side of the political boat, coats off and rowing with great speed, the perspiration pouring from their brows as the made for a point where they can rest in comfort until the sting of the great three cornered presidential election defeat has died out, at which time they will go back to private life and forget their aspirations as leaders of this great nation. President Coolidge is the winner and of course we all voted for him now that the campaign is over and bespeak four years of prosperity under the Coolidge and Dawes administration. The vote here was as follows: Coolidge, 65; Davis, 13; LaFollette, 130; Congressman Lea, 141; Assemblyman Anderson 132; Judge Campbell, 127; Fred Lowell, 156; associate justice of the supreme court, Meyer, 108; Shenck, 108; Richards ,112, and Plummer, 114.

The children of our grammar school were given a big treat last Thursday evening, Hallowe'en, by the popular instructors, the Misses Thole, Coleman and O'Farrell, when a masquerade Hallowe'en social was held at the school house. The witch and broom was one of the laughable features of the evening's fun. Entertainment, games and music by the pupils were also enjoyed by the large audience. Chocolate pies, doughnuts, rolls, apples and candy were enjoyed at the end of the program. The popular janitor, Louis Hummel, was presented with the dummy witch and being one of our local bachelors, has taken the talkless figure home as a partner. The first grade scholars enjoyed a like treat at the school house Friday afternoon, many presents being presented to the young pupils. Our school ma'ams are to be congratulated on the way they handled this affair and the scholars are grateful to their teachers for the evening's fun.

Roy Hansen, Schellville's progressive farmer and dairyman, was in El Verano one day last week transacting business. His many local friends were glad to see him again. He wore a broad smile on account of the recent million dollar rain, which spells prosperity for California. Roy has recently built a new home at his ranch but as yet we have heard nothing of his deserting the bachelors' ranks. Why all the preparations?

E. Coates and sister have sold out their home in Santa Rosa and taken up their residence in Sonoma. Mr. Coates is the efficient bookkeeper at the Sonoma Ford Agency, and has been making the trip daily between Santa Rosa and Sonoma on the S. P. during which time he made many friends along the line, who will miss him.

Announcement was made on Monday that the new state highway from Schellville to Santa Rosa through the Valley of the Moon will be open the entire length of 24 miles on December 1st. Work is now under way on the last bridge at Beltane.

Mr. and Mrs. Ed Dowdall of Alameda were motorists to the Sonoma Valley, visit relatives.

Miss Lottie Howard, former El Verano school teacher, but now at Watmaugh School, was visiting here last Saturday. Miss Howard is the proud owner of a new Chevrolet car.

Mr. and Mrs. D. Zerga of San Francisco were spending the week end at the LaFranchi home.

William Langer, formerly of El Verano but for some years residing in San Francsico, arrived to be the guest of his folks in the western addition Saturday evening. He was accompanied by his bride, the wedding taking place recently in San Francisco, and Bill's many local friends extend congratulations and best wishes for a happy married life. Mr. Langer is the only son of Mr. and Mrs. W. H. Langer, pioneer residents of the western addition.

Mrs. C. J. Horn, who has been a guest at the Hall home, returned to Weed last Sunday morning.

John Harper and wife have taken up their residence at Petaluma.

John Nufer and wife, accompanied by friends from Oakland, who have been spending several months at their summer cottage at Riverside Drive, have returned to their home in Oakland.

Miss C. M. Jacobs has been spending several days visiting in the bay cities.

Mr. and Mrs. Fred Jensen of San Francisco were guests at the Jensen home Sunday.

Carl Weaver, Dave Forni and Al Rossi local huntsmen, were in Occidental the opening day of the quail season. The boys got the limit and report birds plentiful in the northern section.

Mr. and Mrs. M. Portugal, formerly at the El Verano Villa, have subleased the El Dorado Hotel at Sonoma. Mr. Portugal has taken possession and being a chef by trade, will no doubt do a good business in the Mission City. We wish him luck and success.

Ed Dowdall of Concord City was a motor visitor to El Verano Saturday

MISS COLUMBIA plainly showed how fascinated she was as she paused for a moment during her pre-view trip over the massive relief panorama of California—600 feet in length—which is to be unveiled under the auspices of the California Development Association in the nave of the Ferry Building, November 19.

An aeroplane view of California, faithfully reproduced to a scale, may be had any day after November 19th, in the nave of the San Francisco ferry building. It is a colossal, panoramic, relief map, "California in Miniature." The view is exactly as if one skimmed through the air above the mountains and valleys, cities and villages of the Golden State, but it has this advantage over an aeroplane trip in that the spectator may stop and study any particular section at will.

The map, the largest of its kind ever constructed, is 600 feet in length showing every topographical feature of the state from the Oregon line to the Mexican boundary. The spectator has unfolded before him the beautiful coast line, with its bays, harbors and coves, even battle ships, steamships and yachts being displayed in miniature. Fertile valleys and massive mountain ranges, rivers and streams, the magnificent system of state and county highways and railroad lines with miniature trains are all in view of the on-looker. All cities and towns, large and small, are reproduced with miniature buildings, and their area, environment and relative importace are clearly shown at a glance.

More than 25 artists, modelers, electricians, geographers, sculptors and engineers have been engaged in the construction of this huge map for more than 16 months and the total cost will approximate $100,000. The work has been carried on under the auspices of the California Development Association with the co-operation of the 58 counties of the state.

COOLIDGE VICTORY PROVES COUNTRY IS UNITED

President Coolidge has been elected by a magnificent majority.

The United States is united, and has set a high place for itself in the eyes of the world, a world of unrest which self-seeking disloyalists tried to prove was a country ready to surrender itself to radical international experiment.

This is no victory of party. It is a victory of citizenship. A victory in which Democrats share as well as Republicans, and right here we digress to pay our respects to the Democrats who refused to bolt their party and desert their brilliant leader, Mr. Davis, even though they knew he could not win. Patriotism actuated Democratic voters above all and they have helped to keep our Republic intact and vindicate it in the eyes of the other nations watching the trend of events in this representative government of ours.

It is written in letters indelible and irrefutable that American citizens are patriotic and intelligent. Throughout the nation men and women achieved this triumph because they have the right spirit and regard for our country and its institutions. They went to the polls in every hamlet and city of our nation, not thinking in terms of an organization or class, not cherishing grievances, not punishing a party, not disgruntled or taking program from discredited leaders, but determined to give America the backing it needs, to hold aloft the high standards of civilization, the confidence it merits as a world power, the solidified foundation of good citizenship which is the ultimatum for truth, honesty and integrity in low and in high places.

That California was in step with the rest of the nation is a matter of pride, but is not due to the efforts of so-called progressive Republicans of this State, who with their old spirit of rule or ruin, aligned themselves with the Socialist party rather than accept Coolidge. Right here in Sonoma it was an open fact that Hiram Johnson leaders were strong for La Follette, in one instance a Republican committeeman pledged to the President by virtue of his official place on the county committee betraying his party from the outset. Into camp he took with him all the local malcontents he could muster, including the war sore, the "I won't works," the theorists and class advantage seekers, the wage burners, not earners, and those who would sacrifice thrift and sound economics and chance a rift in the flag because of fancied grievances and faith in soap-box panacea. These "superthinkers" have given our little city an unenviable reputation politically. The damage of such a local showing is the fact that it gives encouragement to those casting about for a hot-bed wherein to sow the seeds of radicalism, and condemns it in the eyes of men and women seeking the proper environment for home and family, seeking a safe and desirable place for investment. If you are one who has contributed to Sonoma's majority for LaFollette and thus pulled down our reputation as a desirable little American city, part company now with those who led you into it and avow to support the broad policy of the Index-Tribune, which has at all times and in all things community and national welfare at heart, is actuated by no ulterior motive, no hoped for political or pecuniary gain. Despite purported slush funds of enormous magnitude the Index-Tribune received not a penny for Coolidge publicity. Our reward is the satisfaction gleaned from the hoped for election returns which reveal that Americans are 100 per cent for America, are educated to exercise their power of reason and refuse to subscribe to programs hatched up by radicals.

We congratulate President Coolidge and Vice President Dawes on their election and as a newspaper are proud that from the outset our editorial column recommended these constructive leaders. Let all abide by the great majority which has acclaimed them and share in the prosperity of this and other countries which their election assures.

Hats off to "Ma" Ferguson, the woman governor of Texas. We bet she steers Texas right, too. Here in California if Governor Richardson should sidestep his job we know that "Ma" Richardson would make as fine a Governor as the Golden State ever had. Here's your chance, "Ma" Richardson. Throw your hat in the ring and let Friend William sing for a change, "Everybody works but father."

TRACTOR SHORT COURSE FOR FARMERS PLANNED

Farmers and orchardists of Sonoma county who are desirous of an opportunity to learn some of the fundamentals of tractor repair and maintenance will be pleased to learn of the tractor short course which is being offered by the Agricultural Engineering Division of the University of California through the Prune Growers' Department of the Sonoma County Farm Bureau. This course, which is open to anyone interested in learning how to repair tractors, will be held for one week, December 4th to 10th, inclusive. The instructors from the university farm bring a complete line of equipment and are prepared to give a very intensive and instructive course which will enable the average person to understand all of the principles of tractor maintenance and in addition, give him practical experience in repair work.

Farmers who enroll may bring their own tractors for overhauling, doing the work under instruction and with the assistance of other members who do not have tractors. The facilities of the shops of the Healdsburg high school have been offered to the Agricultural Extension Service for this purpose which will make it possible to very satisfactorily accommodate those who enroll.

This tractor school is not like some which have been held in the past under the auspices of the tractor companies whose object was to interest farmers in their particular make of tractors and to demonstrate them. The sole object is to give any farmers who desire, as complete instruction in the trouble finding, maintenance and repair of the kind of tractor which he is using on his own place. The only requirements for this school are that each individual agree to attend regularly for the entire week. An enrollment fee of $2 is required. Inasmuch as the number to be accommodated is limited, in order that successful work may be carried on, those who first enroll will be given preference. Any farmer who is interested in this and desires to enroll may communicate with the secretary of the Healdsburg Chamber of Commerce, Healdsburg, or the Farm Advisor's office, Santa Rosa.

GOVERNOR SAYS RUMORS ARE FALSE

Governor Richardson states in a letter to the editor of the Index-Tribune that rumors that he will or will not be a candidate for re-election are without truth. The Governor said:

"I want it distinctly understood that I have no concern as to my political future. I am striving to the best of my ability to serve the people faithfully and well. I am carrying through my program of economy and efficiency regardless of the political consequences to myself. I have already saved the taxpayers several millions of dollars without injuring or even hampering any humane or educational state function. This program has aroused the opposition of the vassals of the old political machine and of certain yellow newspapers, who neglect no opportunity to lie about my actions and misrepresent my purpose. The country newspapers generally and a large majority of the big city newspapers have stood loyally by my program. I have been in office 22 months and have two years and two months to serve. I will continue to attend strictly to state business and rumors as to my political plans can be classified as untrue because I have no such plans. How can those who start political rumors know what I am going to do when I don't know myself? The people are greatly interested in my economy program and its practical operation but care little for political prognostications made by guessers who have no facts on which to base a prediction."

ANOTHER ADVERTISER IS HIGHLY PLEASED

Now comes Joseph Baer, the genial representative of the Economy Rug Works of Oakland, advertising fluff rugs in the Index-Tribune who tells us that he has had better results from the Index advertising columns than from any paper of the size used by his firm. He says it excells many of the larger papers and has a pulling power that gets business. Coming down to brass tacks, if Index advertising is good for the carpet business it is good for any line of business. Ask the man who makes rugs from old carpets and be convinced.

It was noticeable that there was one Prohibition vote cast at San Luis Precinct at the election Tuesday.

MORAL, NOT FINANCIAL SUPPORT FROM PETALUMA

The following letter has been received by the Valley of the Moon Chamber of Commerce in answer to a communication sent to the Petaluma organization asking how far Petaluma would go toward assisting the new road district between here and the Egg City, and whether the support would be "moral or financial." The secretary of the Petaluma Chamber of Commerce replied as follows:

"I have received your letter of October 13th, and have called a meeting of our Good Roads Committee to consider the financing of the Petaluma-Sonoma road.

"Our committee is still of the opinion expressed at our joint meetings—that the county highway system as expressed at the time of the county bond issue should be completed from the county general fund and it is not exactly right that any district should be bonded for the completion of a portion of this system.

"We also realize that the completion of our roads under this plan of paying for them from the county general fund is of necessity a rather long and drawn out process and any action taken by a particular district to complete their special section of this system is to be commended and we will be glad to see it done where practical.

"As to the possibility of including the City of Petaluma in a road district for the completion of the Petaluma-Sonoma road, the opinion expressed by those present at our meeting tended to show that it would be impossible to get the people of the City of Petaluma to consent to enter such a road district. The reason given for this was expressed in this light: The citizens of Petaluma are not so much interested in the completion of the Petaluma-Sonoma road from a business and trade relation as they are in the completion of main roads leading into our city from other points. Of course, there is a mutual benefit to be derived from a highway between the two cities, but we believe that the benefit is to a great extent on the Sonoma side. Another angle is that the assessed valuation of the City of Petaluma compared to that territory between Sonoma and Petaluma, the portion of the cost for the road which would be borne by Petaluma would be much larger than that of the other portions of the proposed road district.

"We thank you for the privilege of being able to express our opinion and wish you every success in whatever you may undertake. However, you can see from the above that at the present time, unless some additional angles are brought out or some other sentiment is developed, our interest in your proposed road district would be moral rather than financial.

"C. A. MILLER,
"Secretary Petaluma Chamber of Commerce."

TRUSTEES CONSIDER SEWAGE PROBLEM

(Continued from Page One)

sue for the tide water extension, the following matters were disposed of:

Messrs. Parrent and Renslinger appeared to protest the tailor and cleaning license, complaining that one local tailor sent cleaning away and so paid no cleaner's license. It was decided to include all work and make the tailor's business tax $5 per quarter in the future.

M. Mastelotti asked a permit to make alterations on the Swiss Hotel property.

The Board was requested to gravel streets in the Hunt Tract and to put in sewers and new streets in this residence section.

Sidewalks, curbs and gutters were ordered in on First Street East between Napa and Patton streets and Broadway. City Engineer Specht will prepare a resolution calling for sidewalks in the Hunt Tract. Mr. Specht requests the removal of a street light on Spain street to the intersection of that street and First Street West in order to afford better light to the latter thoroughfare.

RACE HORSE OWNER VISITS SISTER HERE

Steve Syckeres, race horse owner of British Columbia recently came down from the north to visit his relatives in California including Mrs. H. J. Saxl of Cave Dale who is wintering in San Francisco. He also visited San Jose relatives, Dr. Syckeres and family where a family reunion was held, Mrs. Saxl being present. She later brought her brother to the Valley of the Moon to show his her picturesque home here and introduce him to friends and neighbors.

Steve Sycherer goes from here to Phoenix, Arizona, on November 10th, where he will race his horse, "Take All," and expects to capture first money.

DATE OF MINSTREL SHOW IS CHANGED

In order to avoid conflicting with a show to be given at the high school on November 14th, the Ladies' Aid of the Congregational church will hold their bazaar and entertainmtnt, "A Jolly Time In Dixie," in Union Hall on Friday evening, November 21st, instead of on the above mentioned date.

DID YOU VOTE FOR LA FOLLETTE?

(Continued from Page One)

Mass Party. We should not forget for a moment this general revolutionary situation. We must not allow ourselves to be influenced one-sidedly by the united attack of the bureaucracy of the American Federation of Labor, from Gompers to Fitzpatrick. We must not forget that the bitter counter-attacks of the Gompers bureaucracy are the result of the rapid advance of the revolutionary elements in the labor movement. The great political crisis, the first period of which we see now beginning, brings with it very complicated tasks for the revolutionist in the United States. We have a two-fold task: first, to support the real people's movement, the La Follette revolution, against big capitalist parties; second, to criticize pitilessly the half measures and hesitancy of the LaFollette movement and employ every means to organize the workers and exploited farmers separate from and independent of the well-to-do farmers and small business men. We must support the LaFollette revolution in spite of its petty bourgeois character for it is of paramount interest to revolutionists to transform the United States government from a virtual monarchy into a democracy."

The above just scratches the surface of the deep plot to inveigle American voters into precipitating a revolution in the United States. Were you victimized and made a party to this Russian plot?

Every community should awaken its citizens to the sinister influence at work to deceive voters and undermine our government.

Under the guise of "the workingman's friend" and similar slogans La Follette's campaign was put over and succeeded in interesting thousands of Americans who little dreamed of the dark plot which they aided and abetted by voting for the third party candidate. Remember, LaFollette only recently visited Russia, there hobnobbed with the Bolshevists and came back here, commended their government and urged the United States to recognize it.

The tremendous vote for Calvin Coolidge proves the masses were awake to the effort to deliver them to the reds and their nefarious plot, but in communities where the majority vote was for LaFollette a warning is timely, that our people may not be further tricked.

NATIVE DAUGHTERS' DANCE A SUCCESS

Sonoma Parlor N. D. G. W. had a delightful party last Saturday night, their annual Hallowe'en dance being well attended both by Sonoma Valley and out of town people. Excellent music and plenty of autumn pep in the air made the evening a complete social success. Refreshments were served at midnight and dancing continued until a late hour.

(Continued from Page One)

of that city.

Sunday was marked by a sunrise prayer service at Sonoma's old Mission, led by Miss McDonald, unique in the fact that it was doubtless the first Protestant service ever conducted within these sacred walls.

At the M. E. church last Sunday the Christian Endeavor colors were displayed and the pulpit was occupied by Miss Dunn of Oakland while Dr. Cookman preached the sermon at his own church. The afternoon was marked by a devotional appeal by Miss McDonald.

At 5 p. m. luncheon was served to about 75 of the visitors by the church ladies. Dr. Dodge of Redwood City gave the concluding address of importance.

The visitors declared at their leave-taking that this convention in Sonoma City marked an epoch in the history of the society.

EXTREME CRUELTY PLEA OF HUSBAND

Charging that his wife, Ida Levin, refuses to allow his three minor children by a former marriage to live with them, and that she treats him with extreme cruelty, Meyer Levin, Sonoma resident, has filed suit for divorce.

Levin declares that when he suggested bringing the children to his home at Sonoma, his wife shouted: "I'll break their necks if you bring them here."

The suit filed this week is the second within a few months, the first action being dropped in an endeavor to effect a reconciliation, is was said.

SOLD THEIR EL VERANO CHICKEN RANCH

Mr. and Mrs. J. W. Bolin of El-Verano have sold their poultry ranch to Margaret Sale of San Francisco and will retire to make their home in one of their cottages at Fetters.

The Bolin's are said to have gotten $15,000 in trade for their ranch, the purchaser being Mrs. Sale who bought it on speculation and because she liked Sonoma Valley, where as Margaret Nicol she formerly visited at the Bates home here. Mrs. Sale is the widow of a sea-faring man and was here recently here on business connected with the property deal.

Mr. Bolin, retiring poultryman was one of the most successful farmers in the business and his ranch regularly yielded him good returns.

EXPLOSIVES FOR FARMERS

The Sonoma County Farm Bureau has arranged with the California Farm Bureau Federation for the purchase of a carload of pyrotol for farm Bureau members in Sonoma county.

Pyrotol is a surplus war material and is being put up under government supervision for agricultural purposes. Pyrotol is made up in six ounce cartridges, which are equal in strength of the standard eight ounce cartridge of 20 per cent dynamite, and is packed in 50 pound boxes.

There is about 100,000 pounds of pyrotol available for distribution in California and by pooling their orders Farm Bureau members can save approximately $5 per 100 pounds under the cost of 20 per cent dynamite.

Full details of the plan can be obtained by writing to the secretary of the Sonoma County Farm Bureau, at the court house, Santa Rosa, Cal.

DIRIGIBLE THRILLED SONOMA VALLEY FOLKS

Anumber of Sonoma Valley people saw the big dirigible Shenandoah glide over the city and were thrilled by the giant, silvery airship with its lettering, "U. S. Navy," and its tricolored tail. "Looks like a big fish," declared many.

The San Francisco Chronicle recently suggested in an editorial that the new dirigible of the U. S. A. be called "Sonoma," a nice compliment to our historic city and county. The Chronicle said:

"The big dirigible built for the United States in Germany will have to obe given a name after it enters the service of Uncle Sam. It cannot go through life with the designation 'ZR-3.' As the Shenandoah has a name associated with thes East, why not give the new ship a title typical of the Wes. Shenandoah, as we understand it, is an Indian word meaning 'Daughter of the Stars.' It would be appropriate to christen the ZR-3 Sonoma,' a name we associate with the Valley of the Moon.'

"Whoever has the say in this would be according the West the recognition we feel we deserve by following his suggestion. If he does not like Sonoma' we have many other California names that would be decidedly ornamental to one of the United States dirigibles. It would be a recognition of the pioneer spirit that made California."

Pete Compton of Boyes Springs and Archie Yell of the Seals have been on a duck hunt to the rice fields and report good luck.

Government Specialists to L. A.

Washington.—Steps to combat what is believed to have been an outbreak of the Asiatic pneumonic plague in the Mexican quarter of Los Angeles have been taken by Dr. Mark J. White, acting surgeon-general of the United States public health service, upon receiving a report from his field agent.

Porcupine Quill Nearly Fatal

Yreka.—A porcupine quill almost cost George Wright, a rancher living near Fort Jones, his life. Wright was rounding up his cattle in the Scott mountains and, caught by darkness, he made camp. During the night he went to a nearby stream and drank from the edge without usng acup from the edge without using a cup A quill was sucked up and lodged in the throat. Before daylight came and he was able to reach Fort Jones for medical assistance, he was almost choked to death.

OUTLAW COYOTE WILL BE MOUNTED

All the credit for the capture of the outlaw she-coyote recently killed at the Foster Ranch is given to the U. S. Department of Agriculture Predatory Animal Control, by Ben Foster, who praises the work being done in general by the department, and has given the Index-Tribune a bulletin which shows that the critter exterminated near Lakeville was killed by one of the men of the U. S. department, L. C. Kindelt. The bulletin says:

The outstanding feature of last month's work was the capture by Hunter E. C. Kindelt of the outlaw coyote on the Foster Ranch in Sonoma County. This coyote, a female, has for several years been the terror of the sheepmen in the southern part of Sonoma county and has caused many thousands of dollars loss in the killing of sheep and poultry. The Foster Ranch alone lost from the depredations of this coyote during this year up to August 1st, over 200 sheep and for the past two years 400. This coyote killed purely for the love of killing, seldom eating any of the animals that were killed.

About January a hunter was detailed to that locality, then two, and finally three and four of the old experienced men were on the job at one time. It began to look as if this old coyote was too much for us, but our creed of never letting such an animal go prevailed and finally, after months of hard work, deep thought, and expense, this coyote was taken and proved to e a small, particularly evil dispositioned female. It is doubtful if a more versatile animal in the art of evading traps, poison, guns and dogs was ever encountered in this or any other state and her capture is a credit to the man who finally succeeded in getting her into his traps. In all justice to th eother men who worked on her, we are sure hat sooner or later they would have gotten her for they were all excellent men and worked hard and faithfully to get this animal. The capture of this animal was of such moment that Mr. Foster wished the thing mounted for our benefit, bearing the expense himself, as a tribute to the efficiency of the present predatory animal control system."

In an interview with Mr Foster on the coyote menace, he said:

"The control of predatory animals in the state concerns chiefly the sheep men, although in many localities the poultrymen suffer greatly. The coyote is a great menace to anyone who runs stock in the open and is the chief offender of all the predatory animals in our locality. To illustrate this, information has been obtained that shows the havoc that can come to a stockman in our own county, and finally how this was taken care of by experienced men under the leadership of Charles L. Poole and his assistant. R. K. Stewart, of the U. S. Department of Agriculture, Bureau of Biological Surveys, in co-operation with the State Department of Agriculture.

"The Foster ranch has been seriously bothered since 1922 by coyotes which killed many sheep and men were employed to try various means to stop the killing. The greatest help came when the county gave up the bounty system and joined with other counties in the predatory animal control work under the direction of the U. S. Department of Agriculture. The county now gives $1500 per year, this same amount is given by the state department and the federal government also gives what it can. The total amounts to about $4000 which goes toward the control of predatory animals in the county, under very skilled leadership .

"Since this system was adopted, many coyotes have een killed here on the Foster ranch but the loss of sheep was still too great and it was determined that one coyote—a female—was responsible.

"In January of this year a hunter was detailed to our locality, then two and finally three and four of the old men were on the job at one time Finally, on September 1st, E. C. Kindelt caught the female coyote in a trap and killings stopped at once."

"Such work is invaluable to the sheep men of the county and other counties, and predatory animal contro y makes it possible for many farmers to go back into the sheep business. We commend very highly the action of the Board of Supervisors for their assistance in this campaign and hope that the stockmen will get together that the good work may continue."

Y. M. I. ANNUAL BALL

The Young Men's Institute will give their annual dance Thanksgiving eve, as has been their custom many years.

PETITION FOR ROAD DISTRICT TO BE PRESENTED

At the next meeting of the Board of Supervisors it is believed that the petitions now filling up rapidly for the Petaluma-Sonoma road district will be presented and preliminary steps taken to go ahead with the road

KING AND CUNNINGHAM DEFEATED SUPERVISORS

T. J. Ferguson defeated Wm. Cunningham, incumbent, for supervisor in the third district, and Willard Cole defeated Wm. King incumbent, in the Fifth district, on the face of complete returns.

Returns from the third district race show Ferguson with a strong lead over Cunningham.

LOCAL AND PERSONAL

Ex-postmaster Wagnon of Napa county was over recently from his ranch. His son, Hamil, and wife, now reside in Napa City where young Wagnon is principal of the Grammar School.

Jack Nauman, grandson of Mrs Amelia Bates, is enroute home from his world cruise and expects to arrive home from France via New York shortly. He will then sail through the Panama Canal to San Francisco, arriving on December 23rd, in time for Christmas.

Granville Harris visited his daughter, Mrs. James Dakin, in Sacramento over the week end.

Mrs. Bushnell who has been visiting at the Janet Cooper house, returned to her home in Berkeley on Friday.

Captain and Mrs. John Henderson were week end guests at the Erazmus home. While here they and Mrs. Erazmus and family motored to Calistoga and the trip was a most delightful one. Captain Henderson, who has charge of the armory at Sacramento, brought greetings to the Sonoma friends of Harry Lutgens.

Mrs. Froment and daughters are home again following their bereavement. Mrs. Mazuie(Antoinette Froment)gave birth to a little baby girl in San Francisco this week. This is the third child in the family of the former Sonoma girl.

Mr. and Mrs. Nick Carriger (Norma Hansen) were here for the Hallowe'en dance of the N. D. G. W.

Guy McIntosh, fire insurance adjustor from San Francisco, is spending a few days at Fetters Springs Hotel and adjusting losses of the recent fire at Glen Ellen. It will be remembered that Mr. McIntosh handled the majority of claims arising from the conflagration of a year ago.

Mrs. Henry Bates and daughter Mrs. Nancy Olin, continue to make their home in Benecia where Mrs. Bates is taking Christian Science treatment and is reported improved in health.

The many friends of S. Codutti, the cement contractor and stone mason, are sorry to hear of his continued illness. He has been laid up with sciatica for several months, but with good nursing and medical treatment he hopes soon to regain his health.

Mrs. Ralph Hotz and Mrs. Edgar Clements are the committee arranging for the November card party of the Woman's Club on next Wednesday evening at the club house.

Mrs. Eleanor Smith and Mrs. E. Clements will entertain the Congregational Ladies' Aid on November 11 at the Stofen residence on Broadway which is the home of Mrs. Smith.

Mrs. T. Monahan has been on a visit to her new grandson, the baby which is the pride in the Roy Aubrey household in Oakland.

High School News

By NORMAN HEGGIE

Members of the Dramatics Class are preparing a one act play, "Enter the Hero," to be presented on Friday evening, November 14th, with the next motion picture given here. There are two casts of actors working on the play, one cast to act it before the Student Body at the assembly on Friday, November 13th, and the other to act it before the public the following evening. Don't forget to come and have a good time.

The tools for the auto mechanics course have been set up and the boys are being instructed in their use. They are now overhauling three machines, one of which will be completed by the end of this week.

The cement gang of farm mechanics boys, under the instruction of Mr. Benton, have completed the crossing and steps between the main building and the domestic science building. This is an improvement long looked for, as it will enable our guests to our parties to go to the domestic science building for refreshments without barking their shoes on the gravel, as formerly.

The members of the advanced stenography class are now learning how to take dictation. Miss Hoag, their instructor, expects to turn out some expert stenographers at the end of the year.

The members of the orchestra and the music and theory classes are going to the Curran Theatre in San Francisco this Sunday to listen to the San Francisco Symphony Orchestra, directed by Philip Hertz. After enjoying luncheon in the park, the party will repair to the Curran Theatre. Mr. Campbell has planned three of these trips; two of them will be to hear the Symphony Orchestra and one to hear the grand opera.

The Freshman sewing class is having a little display of their work. They have made a set of underwear and some simple dresses. They are each going to make a sport outfit consisting of a skirt and sport blouse of cotton materials. The class is progressing rapidly and Miss Olsen hopes to turn out a "flock" of expert seamstresses at the end of the school year.

In the cooking class the girls are learning to prepare simple foods. At the end of the period each day the pupils serve each other a meal. They have also been studying nutrition as well as how to roll biscuit.

The girls in the interior decorating class find that their course is much pleasanter than they thought it would be. Their aim is to study the most practicable and attractive way to decorate homes.

The girls ought to become husky if they keep following Miss Olsen's program. On cloudy and rainy days she puts them through setting up exercises in the auditorium, then has them play some indoor game. On sunny days they play outside. They are now holding an interesting interclass base ball tournament, the Junior class being in the lead with a score or 2 to 0.

There being no program scheduled for the ninth period last Thursday, the students gathered in the auditorium and sang some old songs under the leadership of Mr. Campbell. After singing, the pupils practiced some school yells, first under the leadership of Yell Leader Signorelli, then under the girl leader, Fay Fowler.

The Junior Farm Bureau will play its first basketball game of the season with Petaluma in the Petaluma Junior Hi auditorium on Friday afternoon. Our J. F. B. will participate in four games this season, two of which will be played here, one at Analy and the one at Petaluma.

On Wednesday of next week the boys and girls will be allowed to dance together. Those who are tardy or whose lockers are out of order or whose discipline is unsatisfactory will not be permitted to participate in the dancing. As long as the students co-operate in the work of the school, the boys and girls will be allowed to dance together every Wednesday at noon.

Santa Rosa forfeited the tennis tourament with Sonoma last Saturday. Our boys will play the Analy team this Saturday.

The "poor" Juniors were beaten by the Sophomores in the interclass basket ball tournament last Tuesday. They were badly beaten, 11 to 7. This is the second time they have been defeated by the lower classmen this year. There is one consolation for them, however, that is the Junior girls are holding their own in base ball against the Sophomores.

The Junior party given on Hallowe'en night was pronounced a great success. It was the first masquerade party given in our new high school, and was attended by a good crowd of students, parents and alumni. The costumes were very good, many of them being amusing and pretty. After the third dance the masqueraders were judged by Mrs. Merz and Mrs. Ralph Hotz. The first prize was won by Miss Warthorst, dressed as a Scarecrow. David Cohen and Watson Garoni dressed as Spark Plug were the most original and humorous characters and won second prize. Leola Forni was pronounced as having the best child's costume. Eugenie Tate and Mildred States won third prize as Blue Bells. Miss Coggins, Miss Hoag and Miss Bloom as Frogs received honorable mention. Refreshments appropriate to the occasion—cider, doughnuts and coffee—were served to the guests.

The whole school regrets that Geraldine Geer has left us, as she was the friend of the students and was well liked by her teachers "Jerry" expects to continue her high school course in Sacramento, and we wish her all success in her studies there.

OLD TIMER VISITED SONOMA VALLEY

Paul Strauchmann and wife of Detroit, Mich., were in Sonoma Valley recently, Mr. Strauchmann renewing old acquaintances and viewing familiar scenes after an absence of forty years. He formerly was employed at the Bella Vista vineyard of A. J. Haubert and here made many friends. Many of the old timers were looked up and the Detroit man was entertained at the Poppe, Buchan, Colli, Dresel and other homes, including the Frank Rhode ranch, formerly owned by his old employers, the Hauberts.

Mr. Strauchmann is employed at the Ford plant in Detroit as a night watchman, a similar position being held by his friend, William Kernet, formerly of this place. The former Sonoma residents often reminesce about the good old days in Sonoma Valley.

MARKETS
NEWS, COMMENT AND FIGURES

Chicago, Nov. 1.

Grain again showed a heavy undertone and broke sharply toward the last when rye started downward and the close was 1¼@1⅜c lower on the nearby deliveries of wheat while July was unchanged. Corn was off ⅞@1c, oats ½@1c and rye 3⅛@3¼c.

Strength in July wheat was due largely to buying by houses with eastern connections and on reports that rain was commencing to be badly needed in part of the central west. There was little in the news that attracted attention, and with continental markets closed export demand was slow with sales of 300,000 to 400,000 bushels in all positions.

As compared with a week ago wheat is ⅞c lower on December to 2¼c higher on July. Corn is up 3½@4¼c and oats ⅜@½c higher, while rye dropped 3¼@4c.

Duluth No. 1 Northern was reported sold at ½c under December c. i. f. Buffalo, the first time this season it has gone to a discount under the future, and was taken as suggesting a weak cash situation.

San Francisco, Nov. 1.

LIVE STOCK—Hogs: Weekly receipts 6,108. Compared with week ago: Market weak to 50c lower, most concerns bidding $11 on medium California next week, quality weak medium bulk 120-130-pound weights, smooth packing sows $8@8.50.

Cattle: Weekly receipts 2,525. Compared with week ago: 38 cars Nevada, Oregon 22, California 20. Dressed trade 50c lower week ago, $2@$2.50 month ago, copious rains make replacement cost on live cattle firm. New loads 1,050-1,100-pound Oregons, $7.50@7.75 new high, string 970-pound Nevadas $7.25, bulk commission estimated $6@7; she stuff weak to 50c lower; bulk good Nevada cows, $4.50@4.75; few fed loads packers' ranches, 950-pound, most commission, $4@4.25; canners, $2. Bulls weak; part load, $3.50. Calves: Weekly receipts 422. For week: Steady to 50c higher; 4 loads Arizonas commission; 4 loads direct, good 225-250-pound calves, $7.50; heavy 350-400-pound medium, $6@6.50.

Sheep: Weekly reecipts 10,450. For week: Light lambs firm, heavy lambs steady; bulk 70-72-pound shorn Islands, $12@12.25; 75-80-pound, $11.50@11.75; choice full wool, quotable $13; good fall shorn 70-pound Californias, $12.25. Ewes steady; good 115-pound, $5.50@$6; shorn, $4.50.

DAIRY—Butter: The general tone of the market was steady at the close fo the week, especially on top scores. Supplies of fancy butter were not heavy, but medium and undergrades were plentiful and cars from other states are reported on the way. California receipts were light.

Cheese: While the opening and closing prices of California fancy flats were the same this week, trading became more active toward the close and supplies of fancy California cheese were well cleaned up.

Eggs: Trading was very light during the past week with some irregularity in prices. The general tone of the market, however, was steady to firm and extras closed ½c and extra pullets 1¼c higher than last Saturday.

ALFALFA—Considerable quantities of alfalfa, damaged in the last rains, have been forced on the market with heavy discounts in price. This has interfered with the regular movement of the sound hay and until these damaged stocks are cleaned up our local market will be dull and weak.

GRAIN AND MILLFEEDS — The grain market is still unsettled with slight future fluctuations. Spot is fairly steady for all grains. Millfeeds have been a little off in price, mainly caused by accumulation of October shipments and re-sales by consignees to move the same and to take profit. Cocoanut is firm and strong with but little offering. Alfalfa meal is in light demand at unchanged figures. Molasses feeds are in stronger demand on account of the cold weather.

SEED GRAINS — Movement active with demand increasing and slightly stronger prices. We quote recleaned grain for seeding: Red oats, $2.90 to $3; Black oats, $3 to $3.25; barley, $2.90 to $3; wheat, $3.10 to $3.25.

Government Specialists to L. A.

Washington.—Steps to combat what is believed to have been an outbreak of the Asiatic pneumonic plague in the Mexican quarter of Los Angeles have been taken by Dr. Mark J. White, acting surgeon-general of the United States public health service, upon receiving a report from his field agent.

Porcupine Quill Nearly Fatal

Yreka.—A porcupine quill almost cost George Wright, a rancher living near Fort Jones, his life. Wright was rounding up his cattle in the Scott mountains and, caught by darkness, he made camp. During the night he went to a nearby stream and drank from the edge without usng acup from the edge without using a cup. A quill was sucked up and lodged in the throat. Before daylight came and he was able to reach Fort Jones for medical assistance, he was almost choked to death.

NOTICE

The Valley National Bank of Sonoma, located at Sonoma, in the County of Sonoma, State of California, is closing its affairs. All note holders and other creditors of the Association are therefore hereby notified to present the notes and other claims for payment.

Dated August 23, 1924.

(SEAL) F. M. BURRIS, President.

NOTE: The business and assets of the Valley National Bank of Sonoma have been acquired by Mercantile Trust Company of California, which will conduct an office at the place of business formerly occupied by the Valley National Bank of Sonoma.

EL VERANO NEWS

(Continued from Page Two)

visiting with home folks. He returned to Concord Sunday evening.

E. J. Franquelin, S. P. engineer out of Dunsmuir, was a visitor in Sonoma Valley Sunday.

Mrs. McAuley of Hornbrook has been visiting at the Franquelin home.

W. W. Felt, our popular county clerk, of Santa Rosa, accompanied by his wife, was in El Verano the first of the week. Mr. Felt was delivering election supplies the in Sonoma Valley.

Mapp Brothers' famous circus composed of a number of cars with two engines pulling the cargo, passed through El Verano Sunday morning enroute to Santa Rosa. Carlos Emparan, former Sonoma boy, was the conductor in charge of the train.

Election day was not without its thrills in El Verano. Tuesday a well dressed lady, a stranger, was making the rounds in El Verano, looking for a drink, complaining that she had a sore throat. On approaching the natives, she was informed that it was election day, and since prohibition there was no such animal. The chicken departed and it is thought she was a prohibition agent, but if so she was out of luck in this 100 per cent drinkless town.

William Wyatt, true to his political faith and a 100 per cent American, came up from San Francisco Tuesday to cast his ballot here.

Harry Andrews of the Summit was in town Tuesday renewing acquaintances. Andrews was a former seafaring man and has traveled over the world.

Mr. and Mrs. H. Norrbom were Oakland visitors the latter part of the week.

Mr. and Mrs. William Wyatt and son, Pat, attended the "Covered Wagon" at Santa Rosa last week.

Opening day of the quail season last Saturday saw many of the local hunters out ofter the birds. They report good shooting but found the quail scarce and scattered.

The late rains not only brought joy to the farmers, but also to mushroom lovers. Large quantities were found in local pastures and fields and all were able to get a good feed of them. Father Rickard, padre of the rain, predicts a wet month for November, which will be good news to the wets of California.

William Hardin, inmate of the State Home at Eldridge, was instantly killed Saturday while he and another inmate of the institution were excavating a tree stump on the road to the lake above the home. A deep hole had been dug, when the bank collapsed and Hardin was killed. The remains were removed to the Home, where later a coroner's jury brought in a verdict of accidental death. Deceased was formerly a resident of Santa Maria.

Miss Irene Dowdall has returned home after a pleasant visit with bay city relatives.

Mrs. Hal E. McNiel has gone to San Francisco to spend some time with relatives.

Charles Danieli and G. Gale were home town visitors from San Francisco Sunday.

Miss Anne Dowdall of Berkeley was spending Tuesday with home tolks.

Last Friday night King Ghost reigned in the quiet town of El Verano. The Hallowe'en goblins played their usual pranks on their neighbors and awakened them from their winter's sleep. Shrouded figures made their way through the different parts of our city and remembered all, not overlooking anyone or anything that was movable. Signs were transfered, gates were removed, and the yearly surprise was much in evidence as the natives came to their business places Saturday morning. But it was all a joke that has been played for years, and as we all took a turn at it in the years gone by, we now get a kick and a laugh each year as the old Hallowe'en drops along, looking for the lost belongings. Smile and say, "Boys will be boys." Next year we will watch and grab the ghosts, but we forget as the day rolls along and it's the same old thing, and will be until the end of the world. Hallowe'en will never die.

Bill Ives, formerly of Sonoma, has been appointtd a policeman at Santa Rosa. Bill ought to make a good cop

TIRES TELL MILEAGE HISTORY CONVINCINGLY

Tires tell mileage history more convincingly than speedometers, according to Motor Land, the Pacific Coast magazine of motoring. The appearance of a car is frequently made or marred by the condition of the tires.

A new set of tires and a little cleaning up of the car will accomplish the same results for the old car that a shave, haircut and a shine will do for the man with an old suit of clothes, Motor Land says. Particularly is this true in buying and selling used cars. Unsatisfactory appearance will often overshadow the merits of the car.

Save the surface and you save all

How do your floors *look?*

Are they bright and spick-and-span and shiny—ready for another winter's wear? You spend twice as much time inside the house in winter as in the summer, and things should *look* their best and *be* their best. You can quickly, easily and cheaply put your floors in fine condition with Acme Quality Paint and Varnish. Under this famous brand name there is a varnish for every purpose, paint specially prepared for floors, and Varno-Lac which both stains and varnishes at the same time. It gives inexpensive woods the appearance of fine oak or mahogany. Come in and let us show you the advantages of using these products.

SCHELLVILLE NEWS

Miss Hattie Dutton was a guest of Mrs. Shirley Weise and little son on a motor trip to San Francisco on Wednesday.

Mrs. Mont Akers had the pleasure of a visit from her grand daughter and husband, Mr. and Mrs. A. B. Johnstone of San Francisco, Tuesday.

Mr. and Mrs. S. Keller of Napa came over to vote Tuesday.

The Jolly Twelve met at the home of Mrs. Joe Keiser Wednesday afternoon and as usual the members tnjoyed themselves at this hospitable meeting place.

William Church and family were among the many who enjoyed the circus at Napa.

Louie Steiman of Richmond enjoyed the week end at the ranch.

John Guibergia and family enjoyed the show at tht Hippodrome on Sunday night.

Frank McGill and son, Stanley, accompanied by a party of friends, enjoyed a dinner dance at Agua Caliente Springs Saturday night.

Louis Kearney, El Verano lumber king, motored through here Wednesday in his handsome new 1925 Studebaker car.

Dr. and Mrs. George Millerick were among those who attended the theatrt at Napa the fore part of the week.

Mr. and Mrs. Tony Marcucci and family took in the circus at Napa on Octol-- 28th.

William Seaberg has a fine flock of chickens, numbering 2000 in all.

Pete Pedrazzini, Elmer Peterson, U. Marymee and Howard Knight made up a fishing party Monday and the boys report good luck, especially Howard.

Mrs. Parker of the Dale can boast of the tallest dahlia plant in Sonoma county. The plant stands 20 feet high and is just beginning to bud.

John Sullivan had a visit on Sunday from San Francisco relatives.

Friends here learn with regret the death of Mrs. Andrew Motz which occurred in Oakland November 1st. Mr. and Mrs. Motz formerly resided on the old Marti ranch here.

Mr. an Mrs. Karl Carlson are greatly enjoying a fine radio which they recently installed.

J. Tobiason, first mate on a fishing vessel which runs to Alaska, was severely injured by a heavy timber which fell on his leg, breaking it in three places below the knee. The accident happened at Everett, Washington. Mr. Tobiason is confined to the marine hospital at Everett and is getting along as well as can be expected. The accident occurred enroute to Alaska.

Frank Ewing of the Presidio spent Sunday with the C. Jessen folks.

Ed Hoegemann of San Francisco was here Friday visiting his parents, and sister and family.

I. B. Hayter of Walnut Creek and Ed Clements spent the week end in Mendocino county.

Mr. and Mrs. Smith of Napa were week end guests of the Grover Rubke family. Mr. Smith is bookkeeper for Galbraith & Janes.

Mr. and Mrs. Tony Keiser and little daughter enjoyed the circus at Napa recently. Tony made quite a hit riding the white elephant.

Bill Kehoe of the P. G. & E. Company at San Rafael, visited his cousin, Jack Millerick, Monday.

Tony Neuman motored to San Francisco Wtdnesday, attending to business there.

Cook Monk is busy putting in the grain at the John Monk ranch.

Mrs. Douglas Church has been visiting her daughter, Mrs. F. Schell, the past week.

Mr. and Mrs. J. Hanley motored to Htaldsburg Wednesday.

John Seger of San Francisco spent Sunday at his home here.

GLEN ELLEN NATIVE SONS TO GIVE DANCE

Glen Ellen Parlor, Native Sons of the Golden West, announce the annual ball for the benefit of the Homeless Children's Fund, on Saturday evening, November 22nd. The affair will be held at the Jack London memorial hall and should attract a fine crowd.

VINEBURG ITEMS

Charles Finch, our local station agent has purchased a fine lot of S. C. white leghorns and is improving his poultry yard for a busy season.

Miss Evelyn Cordell who is attending Munsons school for Private Secretaries in San Francisco was a week end guest of her parents here.

A large vote was polled in Vineburg last Tuesday, there being 209 votes cast.

L. V. Ristau and family motored to Penngrove Sunday and were guests of his parents there.

Theodore Anthenian, Sr., was called to San Jose this week on account of the death of his brother-in-law at that place. During his absence he visited his son and Harry Cordell, in Watsonville, where they are working in a cannery.

Don't forget to attend the turkey shoot at the Stornetti ranch on the Napa road Nov. 16 and 23.

Frank Rhode and Joe Cavallini spent last week end near Colusa where both got the limit of ducks as well as some fine fish.

Ernest Rubke of Marysville was a week end guest at the home of his mother near here.

Misses Margaret and Thelma Rubke enjoyed a Hallowe'en party at the home of their aunt, Mrs. Picetti, in Sonoma.

Mr. and Mrs. Fred Batto returned home Tuesday after a visit at the Summit. During their stay they witnessed a heavy snow and blizzard in the high Sierras.

Victor Sartori and family of Marysville were here Sunday and greeted many old friends.

At the close most commodities were active in the wholesale commission district here. There was a noticeable shortage of several commodities, due principally to the diminishing supply of summer fruits. Raspberries were not among that class, for heavy supplies caused sharp recessions in the prices; in fact, supplies of fairly good quality sold as low as 40 cents per drawer, as compare with about 55 cents on the preceding day. Strawberries, on the other hand, were stronger, good stock selling as high as $1.10 per drawer.

New crop of grapefruit from Tulare county expected on the markets here about Monday. This will be the first of the new crop supplies to arrive this season.

VEGETABLES: Cabbage was considerably higher, bringing 2c to 2½c per pound. Watsonville lettuce was in good demand and prices remained unchanged. Australian brown and yellow variety onions were firm. Sweet potatoes were easier, dropping ½c per pound. Fancy Stone tomatoes were off 25c per lug as compared to Friday's prices.

RICE — Paddy market: 1923 crop paddy all cleaned up; new 1924 crop available in small quantities last half September.

Clean market: Tone firm tendency; the following prices are being asked for the small remaining stock of 1923 clean rice: Fancy, $5.50@5.75; choice, $5.35@5.60 f. o. b. San Francisco.

Crops in California for the past week show improvement over the last few weeks. The rice crop is excellent and is bringing good prices. The weather is idead for harvesting that commodity. Cool nights and sunny days are very favorable to the crop of late apples, which are coloring nicely. The potato digging operations are general and progressing favorably. High feed costs and poor pasturage is causing live stock men to bring their stock in from the range. A great deal of selling is reported on that account.

A fire alarm called the engine and department last Saturday to the Adler mill and lumber yard where an auto truck had suddenly burst into flames, thereby threatening the destruction of the machine and nearby combustibles.

Mrs. Baldwin is again a guest at the Snyder Ranch.

Mr. Cook, a cousin of Miss Janet Cooper, was a visitor at her home on Monday.

IN THE SUPERIOR COURT
State of California, In And For The County of Sonoma

Walter W. Tait, Plaintiff.

vs.

Emily Ann Tait, Defendant.

Action was taken in the Superior Court of the State of California, in and for the County of Sonoma, and the complaint filed in the office of the County Clerk of said County of Sonoma.

W. F. Cowan, Attorney for Plaintiff

The People of the State of California Send Greetings to Emily Ann Tait Defendant.

You are hereby directed to appear, and answer the complaint in an action entitled as above, brought against you in the Superior Court of the State of California, in and for the County of Sonoma, within ten days after the service on you of this Summons—if served within this County; or within thirty days if served elsewhere.

And you are hereby notified that unless you appear and answer as above required, the said plaintiff will take judgment for any money or damages demanded in the complaint, as arising upon contract, or plaintiff will apply to the Court for any other relief demanded in this complaint.

Given under my hand and the seal of the said Superior Court this 22nd day of October, 1924.

(SEAL) W. W. FELT, JR., County Clerk. By John Burroughs, Deputy Clerk.
